***Awards***

**Hellmuth Fischer Medal**

DECHEMA Deutsche Gesellschaft für Chemisches Apparatewesen Chemische Technik und Biotechnologie invites entries for the fourth award of the Hellmuth Fischer Medal. Preference is given to younger scientists for work that has contributed to extending or deepening our fundamental understanding of electrochemistry, corrosion and protection of metals or towards the industrial application of these subjects.

Previous medalists were Dr Ulrich Stimming (1989), Priv-Doz Dr Klaus-Michael Jüttner (1991) and Dr Roger Newman (1994).

Nominations for candidates should be accompanied by a curriculum vitae, reprints of important publications, a list of publications and a brief statement of the reasons for the

nomination (approximately one typed page). Candidates may not nominate themselves.

Nominations are required by 31 October 1996 and should be sent to:
