

N.M. BORODACHEV: A generalised formula for the transform of a product of functions

G.K. POZHARITSKII: On a certain property of the characteristic numbers of the solutions of differential equations

A.P. PROSKURIAKOV: On ways of introducing a small parameter into equations of nonlinear vibrations

E.A. DEVIANIN: On the properties of equations of the first approximation in the method of averaging

E.V. RIAZANOV: Construction of exact solutions of equations of gas dynamics with discontinuities
