

## Correction

---

**Vapor–Liquid Equilibria for Mixtures Containing *cis*-But-2-ene, 1,3-Butadiene, and *N*-Formylmorpholine Measured with the Vangeli Equilibrium Still.** Alessandro Vetere, *J. Chem. Eng. Data* **1999**, *44*, 98–100.

The data at 80 °C pertaining to the binary systems 1,3-butadiene (1) + *N*-formylmorpholine (2) are incorrectly reported in Table 1. They can be corrected as follows:

<i>P</i> /bar	<i>x</i> <sub>2</sub>
1.99	0.0667
3.97	0.1391
5.92	0.2236
7.90	0.3402

Further, Tables 1 and 2 were published previously as supplementary material to *Ind. Eng. Chem. Process Des. Dev.* **1975**, *14*, 141–146.
