

Erratum

Erratum to “Conservative load transfer along curved
fluid–solid interface with non-matching meshes”
[J. Comput. Phys. 218 (1) (2006) 372–397]

The publisher regrets the errors made in this paper, and apologises for any inconvenience caused.

Page 374: “ms” should have been m_s in Eq. (8).

Page 376: boldface is missing for the vectors \mathcal{R}_s^j .

Page 382: In Algorithm 1 (step c): Please put “2” as superscript after ∂ , i.e., $\frac{\partial^2 u_s^{n+1}}{\partial t^2}$.

Page 385: There should not have been equal “=” signs before the summation and after the integration signs in Eq. (45).

Page 388: boldface is missing for the vectors \mathcal{R}_s^j .
