

## Announcement

### Eighth International Conference on Numerical Methods in Fluid Dynamics

*June 28–July 2, 1982*

The Eighth International Conference on Numerical Methods in Fluid Dynamics will be held in West Germany, June 28–July 2, 1982. The Organizing Committee is pleased to invite all interested scientists and engineers to attend.

The conference will be held at the Rheinisch-Westfälische Technische Hochschule Aachen. Advances in numerical methods applied to problems in fluid dynamics and solutions of new fluid flow problems established by numerical modelling will be discussed. Several distinguished experts will be invited to give review lectures. Approximately 60 contributed papers will be presented. The participation of young scientists is especially encouraged.

Contributed papers will be selected on the basis of a 1000-word abstract in English to be submitted before December 15, 1981. Authors will be informed of the decision of the Conference Committee by February 15, 1982.

Instructions for the preparation and submission of these abstracts will be provided in a subsequent announcement to be issued by November 1, 1981. Persons interested in receiving additional information on the conference should write to the

*Conference Chairman:*

Professor Egon Krause, Ph.D.  
Aerodynamisches Institut  
Wüllnerstr. zw. 5 und 7  
51 Aachen, West Germany  
Tel.: (0241) 805410
