EDITORIAL

We are pleased to announce the addition to our Editorial Board of Dr. J. Yinon, of the Weizmann Institute of Science, Rehovot, Israel. Dr. Yinon brings to the JOURNAL extensive experience in the analytical chemistry of energetic materials. He is the Chairman of the Organizing Committee for the Second International Symposium on Analysis and Detection of Explosives, which will be held in Neurim, Israel, June 29 - July 3, 1986.

As of September 21, 1984, the JOURNAL OF ENERGETIC MATERIALS became a subscriber to the Western Union Easy-Link electronic mail service. Initially we plan to use the service to transmit acknowledgements of receipt of manuscripts, and to communicate with our Editorial Board and referees to speed the review process. Eventually, however, we hope to be able to receive, edit, and typeset manuscripts electronically, although your Editor admits to being baffled as to how the figures and diagrams can be transmitted electronically. If any of our readers have suggestions, we will be most happy to receive them.

The Easy-Link Electronic Mailbox address for the JOURNAL OF ENERGETIC MATERIALS is:

62809096

We can also be reached via Easy-Link at the following Western Union Domestic Telex II number:

for which the answerback code is:
