

## CORRIGENDA

‘The development of turbulence structure in a uniform shear flow’,

by P. J. MULHEARN AND R. E. LUXTON,  
*J. Fluid Mech.* vol. 68, 1975, pp. 577–590.

On figure 4 the scale on the left-hand ordinate should be divided by 10 and the location of the 0.02 point should lie midway between the 0 and 0.04 points.

‘On the structure of pressure fluctuations in turbulent shear flow’,

by P. J. MULHEARN  
*J. Fluid Mech.* vol. 71, 1975, pp. 801–813.

On figure 4 the ordinate label should be

$$10 \frac{p'}{\rho q^2} \left[ \frac{u'_{10}}{L d\alpha/dt} \right], \quad \frac{p'}{\tau} \left[ \frac{u'_{10}}{L d\alpha/dt} \right].$$
