In Pinelli *et al.* (2010) the correct figure 7 with the corresponding caption should appear as follows.

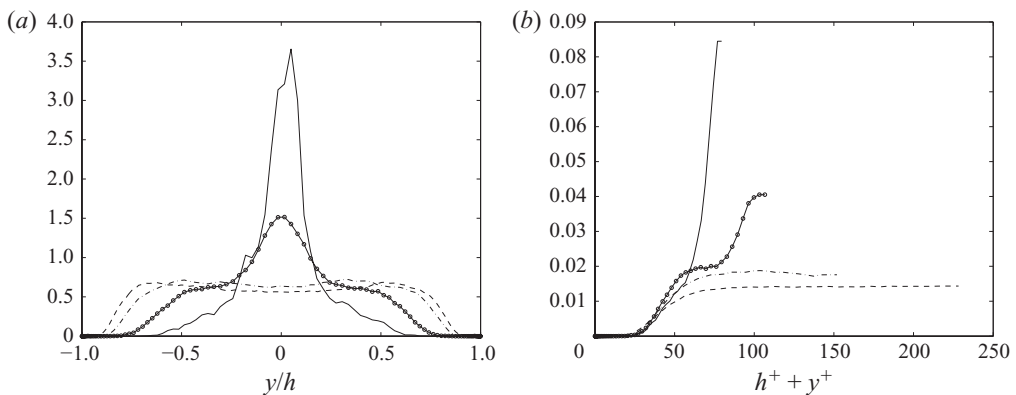

FIGURE 7. Probability density function of low speed streak positions computed considering the instantaneous location of the minimum value of wall skin friction: (a) in outer units and (b) in inner units (the origin has been translated to the corner). —, $Re_b = 1100$; —●—, $Re_b = 1500$; - · - · - , $Re_b = 2200$; - - - - , $Re_b = 3500$.
