ANNOUNCEMENT

CONGRATULATIONS

It is with great pleasure that we congratulate Dr. Ram Gupta, world renowned scientist, upon his retirement from a most distinguished, productive and focused career as Head of Toxicology at the St. Joseph's Hospital in Hamilton, Ontario, Canada. Dr. Gupta is also a highly regarded scholar in the field of chromatography, specializing in biomedical applications of LC science and technology.

After receiving his Ph.D. in Chemistry at McMaster University, he served as a post doctoral research fellow. In 1971, he joined the St. Joseph's Hospital as assistant chemist. Later, he assumed the position of Head, Toxicology.

Dr. Gupta has served on the Editorial Board of the Journal of Chromatography (Biomedical Applications), the Journal of Liquid Chromatography, and as *ad hoc* reviewer for grant applications for US and Canadian agencies, and as invited speaker in many regional and national meetings.

In sharing his research findings, Dr. Gupta has continuously contributed to the scientific literature, with three additional articles coming after his retirement. From the many meetings I had with Ram, I have always been impressed by his sincerity and pleasant demeanor.

Dr. Gupta's career will undoubtedly inspire younger scientists in the future. It is, thus, fitting to pay tribute to Dr. Ram Nath Gupta, as a friend, and colleague and, on behalf of the scientific community, to wish him all the best upon his retirement.

Dr. Steven H. Wong
Medical College of Wisconsin
