This article may be used for research, teaching and private study purposes. Any substantial or systematic reproduction, re-distribution, re-selling, loan or sub-licensing, systematic supply or distribution in any form to anyone is expressly forbidden.

The publisher does not give any warranty express or implied or make any representation that the contents will be complete or accurate or up to date. The accuracy of any instructions, formulae and drug doses should be independently verified with primary sources. The publisher shall not be liable for any loss, actions, claims, proceedings, demand or costs or damages whatsoever or howsoever caused arising directly or indirectly in connection with or arising out of the use of this material.

Corrections and Apologies

Regarding Multicolumn Gradient Technique (“Walking Column”) by Wojciech Markowski (*Journal of Liquid Chromatography & Related Technologies*, Volume 27, Number 6, pages 1093–1103, 2004).

Significant portions of the above article were found to be verbatim copies of sections in the book “HPLC Columns, Theory, Technology, and Practice,” Wiley-VCH, New York, 1997, by Ewe D. Neue, Waters Corporation. We would like to extend our apologies to Dr. Neue and to John Wiley & Sons and encourage readers to refer to Dr. Neue’s book for clarification of this topic.
