MEET THE EDITOR . . .

Dr George E. Ham, founder and editor of the Journal of Macromolecular Science-Chemistry and author of numerous texts, monographs, and papers on polymerization, has devoted many years to research and development in the polymer field. Dr Ham has been a consultant for the polymer and chemical industries for the last twelve years. Prior to this undertaking, he served Ciba-Geigy Corporation for five years as Director of Chemical Products Research and as Director of Research for the Plastics and Additives Division. Prior to joining Geigy, Dr Ham was Associate Director of Research and Technical Director, Plastics Division-Gulf Oil Corporation, in Kansas City, Missouri.

Previously, Dr Ham was Director of Research at J. T. Baker Chemical Co., Phillipsburg, New Jersey, for three years. During the period 1945-1955 he carried out and supervised exploratory research in polymers for Monsanto and Chemstrand.

Dr Ham received his BS in chemistry from the University of North Carolina and his PhD in organic chemistry from Indiana University in 1945. Dr Ham lives at 284 Pine Road, Briarcliff Manor, New York.

Manuscripts are welcome and should be submitted to the editor
