Erratum to: J Mater Sci: Mater Med (2011) DOI 10.1007/s10856-011-4325-4

The authors inadvertently omitted to mention a correction factor that was used to calculate the HA content of TS-HA

treated fascia. On page 3, second column, line 3, the sentence “A correction factor of 1.53 was applied to the FACE data to correct for the underestimation of disaccharides in TS-HA preparations, as previously reported [37].” was missed in the original publication.
