

Additions and Corrections

1991, Volume 34

Nadine De Meyer, Achiel Haemers,* Lallan Mishra, Hrishikesh Pandey, L. A. C. Pieters, Dirk A. Vanden Berghe, and Arnold J. Vlietinck: 4'-Hydroxy-3-methoxyflavones with Potent Anticoronavirus Activity.

Page 746. The supplementary material paragraph was inadvertently omitted. It should read as follows: Tables listing the elemental analysis and the IR, ¹H NMR, and ¹³C NMR data for the compounds in the paper (21 pages).
