

## *Additions and Corrections*

---

1993, Volume 36

**Prem Mohan,\* Man Fai Wong, Sandeep Verma, Peggy P. Huang, Anura Wickramasinghe, and Masanori Baba:** Structure-Activity Relationship Studies with Symmetric Naphthalenesulfonic Acid Derivatives. Synthesis and Influence of Spacer and Naphthalenesulfonic Acid Moiety on Anti-HIV-1 Activity.

Page 1999. The title for Table IV should read as follows: Inhibition of Derivatives **30** and **33** on the Replication of a Clinical Isolate of HIV-1 (HE Strain) in Peripheral Blood Lymphocytes.

**Robert A. Daines,\* Pamela A. Chambers, Israil Pendrak, Dalia R. Jakas, Henry M. Sarau, James J. Foley, Dulcie B. Schmidt, Don E. Griswold, Lenox D. Martin, Maritsa N. Tzimas, and William D. Kingsbury:** (*E*)-3-[[[[6-(2-Carboxyethenyl)-5-[[8-(4-methoxyphenyl)octyl]oxy]-2-pyridinyl]methyl]thio]methyl]benzoic Acid: A Novel High-Affinity Leukotriene B<sub>4</sub> Receptor Antagonist.

Page 2703. The name of one author, Maritsa N. Tzimas (affiliation, Department of Pharmacology), was inadvertently left off of the paper.
