Jerome P. Horwitz,* Irina Massova, Thomas E. Wiese, Brent H. Besler, and Thomas H. Corbett:
Comparative Molecular Field Analysis of the Antitumor Activity of 9*H*-Thioxanthen-9-one Derivatives against Pancreatic Ductal Carcinoma 03.

Page 784. In Table 7, the offsets (Å) in the *x*, *y*, and *z* coordinates, comprising the lattice of 1 Å, should have each been 0.5 Å rather than 1 Å.

Page 785, column 2, line 5 should have read: Figure 4 presents a view of the steric contour map of an active (left, **5**) and an inactive (right, **6**) analogue, respectively.
