Erratum

The influence of an intermediate on reaction kinetics in organometallic systems: second-order conditions; by J.R. Chipperfield (*J. Organometal. Chem.*, Vol. 205, No. 3, 1981, p. 365—370)

Page 367, eq. 12 should read:

$$[C] = k_1(b_0-a_0')^2 b_0 a_0' \exp(-k_2 t)$$

$$\times \int_0^t \exp\{[k_1(b_0-a_0') + k_2]u\} \, du/\{b_0 \exp[k_1(b_0-a_0')u] - a_0'\}^2 \qquad (12)$$
