

Erratum

Reactions of organo-thallium(III) and -mercury(II) compounds with nitronate ion and *N*-benzyl-1,4-dihydronicotinamide: reductive electron-transfer activation of the metal-carbon bond towards homolysis; by H. Kurosawa, H. Okada, M. Sato and T. Hattori (*J. Organomet. Chem.*, 250 (1983) 83-97).

Page 83, line 4 of the summary should read:

suggested that this reaction involving the alkylthallium(III) analog, proceeded pri-
