## Erratum

---

Re: Methyl–iodine exchange in ( $\eta^5$ -iodocyclopentadienyl)metallo methyl derivatives of iron(II), tungsten(II), and molybdenum(II) in the presence of palladium; by C. Lo Sterzo (*J. Organomet. Chem.*, 408 (1991) 253–259)

On page 258, first heading: compound **7** should be ( $\eta^5\text{-CH}_3\text{C}_5\text{H}_4\text{)}\text{W}(\text{CO})_3\text{I}$ ; second heading: compound **8** should be ( $\eta^5\text{-CH}_3\text{C}_5\text{H}_4\text{)}\text{Mo}(\text{CO})_3\text{I}$ .
