Acknowledgements

We thank the Department of Chemistry at Texas A&M University for making this work possible. Financial support from the Welch Foundation, the State of Bavaria/Technische Universität München and the DAAD (Promotionsstipendium to M.T.) is gratefully acknowledged. The purchase of the X-ray diffractometer was made possible by a grant from the National Science Foundation (CHE-9115394); additional support for its purchase was provided by Georgetown University.
