

Erratum

Erratum to “Synthesis of (–)-coniine and (–)-pipecoline using ruthenium catalyzed ring closing metathesis”

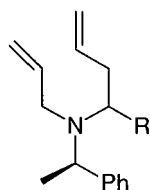

Journal of Organometallic Chemistry 624 (2001) 359–363[☆]

Kandasamy Pachamuthu, Y.D. Vankar *

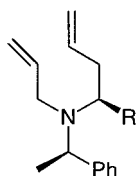

Department of Chemistry; Indian Institute of Technology, Kanpur 208 016, India

(1) P. 360:

the correct structure of compound **5** is:

instead of

(2) P. 360: line **11**: ‘...in 71% ee from the imine **2b**...’ should be written as ‘...in 71% dr of **6b** and **7b**’ from the imine **2b**...’

(3) P. 360: the footnote should read: ‘Optical purity of (–)-coniine was determined to confirm the diastomeric ratio by hydrogenating the mixture of **6a** and **7a** and then making the Mosher’s ester of the corresponding mixture of the two enantiomers and analysing the ¹H-NMR (400 MHz) spectrum’.

(4) Page 362: the names of compounds **6a**, **6b**, and **7c** need to be modified at the beginning of each as ‘*2S*-...’ instead of ‘*2R*...’.
