

ADDITIONS AND CORRECTIONS

2003, Volume 107A

R. Elizabeth Brewster, Benjamin F. Teresa, and Merlyn D. Schuh*: Inclusion Complexes of 6-Bromo-2-Naphthol (Guest) and α -Cyclodextrin (Host): Thermodynamics of the Binary Complex and First-Reported Dynamics of a Triplet-State Guest/Host₂ Complex

Page 10526. The Acknowledgment should read as follows.

This research was supported in part by NSF award no. CHE-0240213 for which we express our gratitude. We also thank the donors of the Petroleum Research Fund, administered by the American Chemical Society, for supporting this research. We also thank Cerestar, Inc. for the generous donation of the α -cyclodextrin used in this research.
