Building Insights. Breaking Boundaries.™

The creation of knowledge depends on a continuous line of connections between people and ideas. That's why, for over a century, Elsevier has linked researchers and practitioners worldwide to the best and newest thinking in their fields. As a professional publisher of scientific and medical information, Elsevier facilitates the review, selection, dissemination and preservation of information, publishing thousands of journals and books and providing access to a world of information via the desktop or PDA. After all, we believe that getting the right information into the right hands can make a difference. elsevier.com

“When I’ve got something to write,
Scopus is the ^{first} place I go to get
relevant information fast.”

- Identify citations...
- Know who to cite...
- Confirm the idea is original...

- all necessities when authoring a cutting-edge paper. With Scopus, I can pinpoint what I’m looking for without having to waste time on the search. It’s all there.

If you could put your finger on what you need, fast, you would, wouldn’t you?

I did!
