## MEETING

**International Union of Pure and Applied Physics  
Conference on Statistical Mechanics  
The University of Chicago, Chicago, Illinois, USA, March 29–April 2, 1971**

The conference will be organized around the theme *New Problems, New Techniques, New Concepts*. In order to provide maximum opportunity for discussion of important topics, there will be only one session at a time at which only invited papers will be presented. Contributed papers will be published as lengthy abstracts, distributed at the beginning of the meeting; rooms will be provided for informal presentations of these papers.

All those interested in contributing a paper or attending this conference, or both, are requested to contact

Professor Stuart A. Rice  
James Franck Institute  
University of Chicago  
5640 Ellis Avenue  
Chicago, Illinois 60637  
USA

Suggestions for the topical matter of the lectures are invited. These should be sent to the above address.
