Erratum

Scaled Particle Theory: Solution to the Complete Set of Scaled Particle Theory Conditions: Applications to Surface Structure and Dilute Mixtures[1]

M. J. Mandell[2] and H. Reiss[2]

Equation (28) should read

$$4yG_5(y) = \frac{\phi - y}{y} - 4y\left[\frac{\phi}{y} + G_1(y) + G_2(y) + G_4(y)\right] \qquad (28)$$

In Eq. (42), p. 123, the factor $\frac{1}{2}$ should be $(3/\pi)$ [*cf.* Eq. (48)]. Conse-

---

quently, the entries for Γ_∞/y^2 in Table II (p. 119) should be multiplied by $(6/\pi)$.

The factors 3 in Eq. (49) (p. 124) should be deleted.

In the line above Eq. (50) (p. 124), "Eq. (46)" should read "Eq. (27)."
