The 50th Statistical Mechanics Meeting will take place on December 15th and 16th. To celebrate this occasion I am thinking of having the Meeting devoted entirely or almost entirely to long review talks on different aspects of statistical mechanics and its applications. Your comments and suggestions are solicited.

The I.U.P.A.P. is looking for suggestions of where to hold the next International Conference on Statistical Mechanics in 1986. Are you interested in organizing it or suggesting someone else?

Professor David Ruelle, I.H.E.S. will give a series of lectures on turbulence at Rutgers University, September 19th–29th, 1983.

The Bolyai Janos Mathematical Society plans to organize its Second Colloquium on "Random Fields: Rigorous Results in Statistical Physics" in Köszege, Hungary between August 26 and September 1, 1984. For more information, please write: Dr. D. Petz, Secretary of the OC, Mathematical Institute (HAS), H-1376 Budapest PF. 428, Hungary.
