Errata: One-Dimensional Caricature of Phase Transition[1] Roberto H. Schonmann[2] and Nelson I. Tanaka[3]

This paper appeared with some important misprints because the galley proofs were apparently lost in the mail. The main corrections are the following.

p. 244, line 6: $mN^{1/2 - 1/2\alpha}$ instead of $mN^{1/2}\{1/2\alpha$

p. 246, line 13: $X_l = I^{2l-1} - I^{2l-2}$ instead of
$X_1 = I^{2l} - 1 - I^{2l - 2X}$

p. 246, line 14: $I^{2l} - I^{2l-1}$ instead of $I^{2l} - I^{2l} - 1$

p. 246, line 5 from bottom: $E(\cdot)$ instead of $R(\cdot)$

p. 247, line 9 from bottom: ζ_β instead of ξ_β

p. 247, line 3 from bottom: $|x| > \tau$ instead of $|x| \neq \tau$

p. 248, line 10:   0 instead of $\Lambda 0$

p. 248, line 16: $2(1 - p)^{j\tau N^{1/2 + 1/2\alpha}}$
instead of $2(1 - p)\ j\tau N^{1/2 + 1/2\alpha}$

p. 248, line 17: $\exp(-j\tau N^{1/2 + 1/2\alpha}p)$ instead of $\exp(j\tau N^{1/2 + 1/2\alpha}p)$

p. 248, line 6 from bottom: $\{\tau(j+1)\}^2\, r^j$ instead of $\{\tau(j+1)\}|^2\, r^i$

p. 249, line 2 from bottom: $\leqslant P(...)$ instead of $\leqslant (...)$

p. 250, line 11:

$$P\left(\max_{s=1,...,k} \left|\frac{\sum_{i=1}^{s}(U_i - V_i)}{N^{1/2 + 1/2\alpha}}\right| > \varepsilon/2\right) + P\left(\max_{i=1,...,k+1} \left|\frac{U_i}{N^{1/2 + 1/2\alpha}}\right| > \varepsilon/2\right)$$

instead of

$$P\left(\max_{s=1,...,k} \left|\frac{U_i}{N^{1/2 + 1/2\alpha}}\right| > \varepsilon/2\right)$$

p. 250, line 2 from bottom: $(\alpha + 3)$ instead of $(\alpha + + 3)$
