

## **Errata: On the Absence of Intermediate Phases in the Two-Dimensional Coulomb Gas<sup>1</sup>**

**Michael E. Fisher, Xiaojun Li, and Yan Levin**

*Received June 9, 1995*

Please note the following typographic errors:

1. In Eq. (3.8) the last factor should read:  $\ln' \rho$ .
2. In Eq. (3.12) in the last term the exponent of  $\rho^*$  appearing in the correction term should be:  $4 - 2(T_1/T)$  (i.e., “4” is to replace “3”).
