

Erratum: Mayer Expansions and the Hamiltonian–Jacobi Equation. II. Fermions, Dimensional Reduction Formulas¹

J. D. Wright² and David Brydges³

Received August 9, 1999

The authors apologize to readers for an egregious error in the proof of Theorem 2.3: contrary to our claim, (2.12) does not follow from Proposition 2.2 and Theorem 2.3 is almost certainly false. We are indebted to Manfred Salmhofer and Christian Wierczkowski for discovering the error. They are preparing a paper with a corrected theorem proven by different methods.

The work in Section 3 is independent of Section 2 and Theorem 3.1 is unaffected.
