### 12th CONFERENCE ON VACUUM MICROBALANCE TECHNIQUES, WEIGHING IN CONTROLLED ATMOSPHERE

The 12th Conference on weighing techniques in controlled atmosphere will be held at the University of Lyon, France, from 23rd to 26th September, 1974.

President: Professor CH. EYRAUD

Communications in the following fields are invited:

- Weighing devices and ancillary equipment (e.g.: temperature control, atmospheric control in balance chambers);
- Applications in physics and chemistry.

A typewritten page summary (text: 16×24 cm) either in English, or in French, but with a short abstract in English, should be mailed before May 15th, 1974. 40 communications are expected. A period of 20 minutes will be allowed for every oral communication, followed by a discussion of 10 minutes. Simultaneous English-French and French-English translation services will be provided.

Exhibition: An exhibition of balances, gravimetric apparatus and accessories will be held during the conference.

Place: Université Claude Bernard, Lyon 1  
43, boulevard du 11 novembre 1918, 69621 Villeurbanne (France)

Secretary address: Mme M. Escoubes, Laboratoire de Chimie Appliquée  
et de Génie Chimique, B.P. 6.010, 69604 Villeurbanne (France)  
Tél. (78) 52.07.04 poste 35.67
