10th ANNUAL NORTH AMERICAN THERMAL ANALYSIS SOCIETY MEETING

October 26–29, 1980, Boston, Massachusetts

The 10th Annual North American Thermal Analysis Society Meeting will be held at the Copley Plaza Hotel, Boston, Mass. on October 26–29, 1980.

Symposia will be held on:

Thermal Analysis in the Electrical and Electronics Industry

Chairman: Dr. Harvey Bair, Bell Labs

Thermal Analysis of Domain Forming Polymers

Chairman: Dr. Robert A. Weiss, Exxon

Analytical Pyrolysis

Chairman: Prof. Irving N. Einhorn, Univ. of Utah

All aspects of thermal analysis of inorganic, organic and polymeric materials will be covered in general sessions. These will include theory, applications, and instrumentation for calorimetric, gravimetric, and mechanical methods as well as new techniques (acoustic, optic, electric, etc.).
