

LETTER TO THE EDITOR*

Sir,

we wish to call your attention on the fact that the inclusion of the paper
THERMAL INVESTIGATION OF ALKALINE FATTY ACID SALTS
by P. Francozini (sic!), M. Sanesi, T. Meisel and I. Lanyi
in the Proceedings of the Sixth International Conference on Thermal Analysis,
Vol. 2, pp 495–500, 1980, was merely due to a secretarial misunderstanding. The
text represented a very preliminary draft of a planned communication and actually
no summary of it was included in the “Workbook” distributed to the participants.

The final text was presented by A. Cingolani, P. Franzosini, M. Sanesi, G. Spinolo, I. Lanyi and T. Meisel at the 2nd AICAT National Meeting (Rome, 15–17 Dec. 1980) and included in the corresponding Proceedings (pp 35–38): only to it reference should be made.
