Announcement

GORDON RESEARCH CONFERENCE ON  
CHEMICALS AND MATERIALS  
FROM  
RENEWABLE RESOURCES

This Conference will be held July 2-6, 1984 at Brewster Academy, Wolfeboro, New Hampshire. Among the topics to be discussed are the following: solid state  $^{13}\text{C}$  NMR spectra of celluloses, ultrastructure of cellulose fibers - some new aspects, plant cell wall polysaccharides, structural  $^{13}\text{C}$  NMR studies of lignin and lignin-like materials from flash autohydrolyzed wood, isolation of lignins from wood, electron transfer reactions in lignin and pulping chemistry, and structural inhomogeneity of lignin in wood cell walls.

The detailed program will appear in Science in late March along with an application form. Conference Chairman is Dr. Rajai H. Atalla of the Institute of Paper Chemistry. Requests for applications should be addressed to:
