

**Structural and Spectroscopic Demonstration of Agostic C–C Interactions in Electron-Deficient Metallacyclobutanes and Related Cage Complexes: Possible Implications for Olefin Polymerizations and Metatheses** [*J. Am. Chem. Soc.* **2005**, *127*, 12426–12435]. Benjamin G. Harvey, Charles L. Mayne, Atta M. Arif, Robert Tomaszewski, and Richard D. Ernst\*

Page 16426. The authors would like to announce that Robert Tomaszewski should be included as an author in the above manuscript. The correct authorship is therefore:

Benjamin G. Harvey, Charles L. Mayne, Atta M. Arif, Robert Tomaszewski, and Richard D. Ernst\*

Page 16434. The authors also regret neglecting to include citation of a recent theoretical study supporting the involvement of C–C agostic interactions in the olefin metathesis process, as part of the discussion relating to ref 43:

Suresh, C. H.; Baik, M.-H. *J. Chem. Soc., Dalton Trans.* **2005**, 2982–2984.
