

A Ni²⁺ (S = 1) Kagome Compound Templated by 1,8-Diazacubane [*J. Am. Chem. Soc.* **2006**, *128*, 9934–9935].

J. N. Behera and C. N. R. Rao*

In the title and throughout the paper, the correct nomenclature for the diazacubane is 1,4-diazacubane, not 1,8-diazacubane. We regret this error.
