Page 16750. We noticed an error in the chemical structures of the amphiphiles in Figure 1 as well as the Table of Contents graphic of our Communication. L-Sugars were originally shown instead of D-sugars. The corrected versions of the TOC graphic and Figure 1 are presented below. We apologize for these errors and for any inconvenience caused.

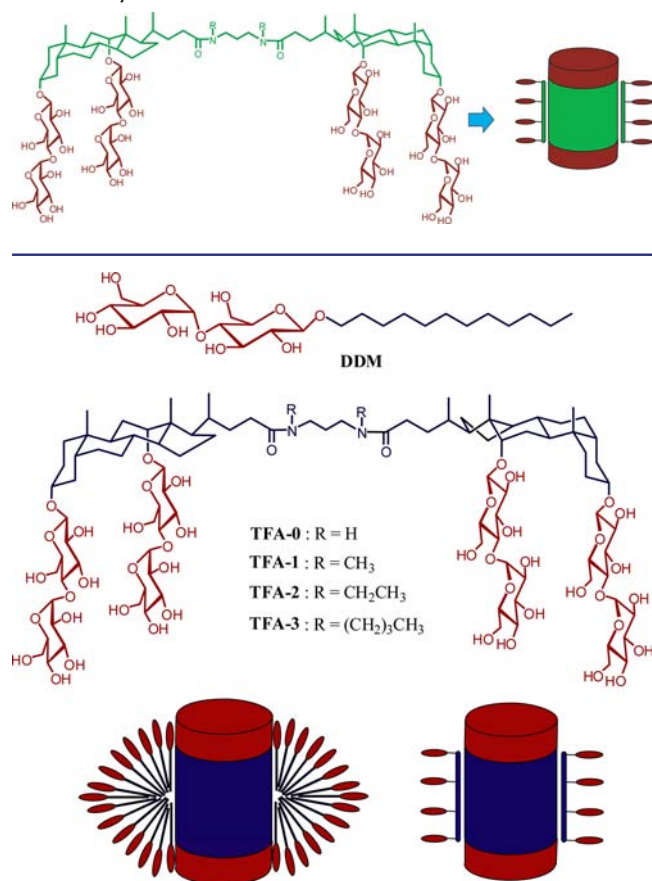

Figure 1. Chemical structures of DDM (*top*), tandem facial amphiphiles (TFAs, *middle*), and schematic representation of membrane proteins interacting with DDM (*bottom left*) and TFAs (*bottom right*).
