## Last Call

This is the last reminder to keep October 12 and 13 open for the Fall Meeting of the American Oil Chemists' Society. We think you will agree that the scientific program listed below is well worth the trip, and in addition there are the several entertainment features of our convention, including a Bowling Tournament on Thursday evening, preceded by a dinner at the Medinah Athletic Club, at which the ladies will be the guests of the Society, and a com-

plimentary trip to A Century of Progress for the ladies on Friday afternoon while the men are having a Golf Tournament at Navajo Fields Golf Club.

Come prepared to take in our scientific meeting and entertainment and a stay over a few days if possible at A Century of Progress. The Local Committee will do everything possible to see that your stay in Chicago is a very enjoyable one.

## Program

### Thursday, October 12, 1933

Registration 9:00 to 9:30 A. M.

Meeting called to order at 9:30 A. M., by President J. P. Harris.
