

PROGRAM

Thursday, May 23, 1935

Meeting called to order 9:30 a. m. by G. Worthen Agee, Chairman, Local Arrangements Committee.

* * *

Invocation

* * *

Reading of Minutes of 25th Annual Meeting

J. C. P. Helm.....New Orleans

* * *

Address of President

W. D. Hutchins.....Savannah

* * *

Report of Secretary-Treasurer

Report of Governing Committee

J. C. P. Helm.....New Orleans

* * *

Appointment of Special Committees

Report of Membership Committee

A. A. Robinson, Chairman.....Chicago

Wilson & Company

* * *

Report of Journal Committee

W. H. Irwin, Chairman.....Chicago

Swift & Company

* * *

Report of Cottonseed Analysis Committee

J. L. Mayfield, Chairman.....Pine Bluff, Ark.

Pine Bluff Cotton Oil Company

* * *

"Causes of Variation in Grades of Cotton Seed from the Same Locality"

Frank P. Woodson.....Clarksdale, Miss.

Planters' Manufacturing Company

* * *

Report of Free Fatty Acids Committee

C. H. Cox, Chairman.....Memphis

Barrow-Agee Laboratories

* * *

Report of Stability Committee

F. C. Vibrans, Chairman.....Chicago

* * *

"A Study of the Physical Factors Involved in the Swift Stability Test"

E. B. Freyer.....Houston

South Texas Cotton Oil Company

* * *

"Note Concerning the Effect of Varying the Conditions of the Air Blowing Accelerated Test for Oils and Fats"

Lowell B. Kilgore.....Washington, D. C.

Kilgore Development Corp.

* * *

"Photochemical Studies of Rancidity—Anti-oxidants as Green Light Protection"

Mayne R. Coe.....Washington, D. C.

U. S. Department of Agriculture,

Food Research Division

* * *

Report of Moisture Committee

A. E. King, Chairman.....Chicago

Swift & Company

* * *

Announcement of Annual Golf Tournament

E. R. Barrow, Chairman.....Memphis

Barrow-Agee Laboratories

Friday, May 24, 1935

Meeting called to order 9:00 a. m.

* * *

Report of Color Committee

G. G. Grant, Chairman.....Edgewater, N. J.

Lever Bros. Company

* * *

Report of Color Glass Development Committee

L. M. Gill, Chairman.....New York

Darco Sales Corp.

* * *

"Notes on the Theory and Practice of Bleaching Fatty Oils"

Henry Odeen.....Los Angeles

Filtrol Company of California

* * *

"The Color and Spectral Transmittance of Vegetable Oils"

H. J. McNicholas.....Washington, D. C.

Colorimetry Section

Department of Commerce,

Bureau of Standards

* * *

"The Internal Treatment of Boiler Water for Small Industrial Plants"

J. J. Ganucheau.....New Orleans

The Southern Cotton Oil Company

* * *

Report of Fat Analysis Committee and Revision of Methods Committee

W. H. Irwin, Chairman.....Chicago

Swift & Company

* * *

Report of Referee Board

A. S. Richardson, Chairman.....Ivorydale

Procter & Gamble Manufacturing Co.

* * *

Report of Crude Mill Operations Committee

E. B. Freyer, Chairman.....Houston

South Texas Cotton Oil Company

* * *

"A study of the Possible Catalytic Effect of Some Metals and Alloys on the Changes Occurring in Crude Cotton Seed Oil During Storage"

F. R. Roberts and J. G. Campbell.....Houston

Houston Laboratories

* * *

"A Modified Procedure for Determining the Amount of Lint on Cottonseed—The Development of a More Rapid and More Accurate Technique"

E. B. Freyer.....Houston

South Texas Cotton Oil Company

* * *

"A Rapid Visual Method for Estimating the Amount of Lint on Cottonseed—The Relation of Its Moisture and Lint Content to Some Properties of the Seed"

E. B. Freyer.....Houston

South Texas Cotton Oil Company

* * *

"Effect of Different Methods of Disintegration of Cottonseed Meats on Some Properties of the Crude Oil"

J. M. Newbold.....Hertford, N. C.

Eastern Cotton Oil Co.

* * *

"Oils Their Production and Consumption"

Theodore J. Richert.....New York

Albert H. Bruecke

Report of Progress in the Science of Oils, Fats and Soaps
 R. C. Newton, Chairman.....Chicago
 Swift & Company
 * * *

Report of Sampling Committee
 R. A. Duncan, Chairman.....Ivorydale
 Procter & Gamble Manufacturing Co.
 * * *

Friday Afternoon, May 24, 1935
 Meeting called to order
 * * *

Report of Refining Committee
 C. B. Cluff, ChairmanIvorydale
 Procter & Gamble Manufacturing Co.
 A. W. Putland, Vice-Chairman.....Chicago
 Armour & Company
 * * *

"Determination of Small Amounts of Soap in Refined Vegetable Oils"
 Richard Derst.....Columbus, Ohio
 The Capital City Products Company
 * * *

"Bagilumbang or Soft Lumbang (Aleurites trisperma) Oil"
 G. S. Jamieson & R. S. McKinney...Washington, D. C.
 U. S. Department of Agriculture
 Chemical and Technological Research
 * * *

Report of Sulphonated Oils Committee
 Ralph Hart, Chairman.....New York City
 Hart Products Company
 * * *

"Application of Oils in Textile Processing"
 R. A. Pingree.....Providence, R. I.
 The U. S. Finishing Company
 * * *

Joint Meeting with Chemists' Committee of the National Cottonseed Products Association
 T. C. Law.....Atlanta
 Law & Company

Report of Smalley Foundation Committee
 A. W. Putland, Chairman.....Chicago
 Armour & Company
 * * *

Report of Olive Oil Committee
 M. F. Lauro, Chairman.....New York
 Bureau of Chemistry, N. Y. Produce Exchange
 * * *

"Gaseous Decomposition Products of Rancid Oils"
 J. T. R. Andrews.....Ivorydale
 The Procter & Gamble Mfg. Co.
 * * *

"Inner Coatings for Shortening Containers"
 H. P. Evans.....
 * * *

Report of Uniform Methods & Planning Committee
 J. J. Vollertsen, Chairman.....Chicago
 Armour & Company
 * * *

Report of Nominating Committee
 J. P. Harris, Chairman.....Chicago
 Industrial Chemical Sales Corporation
 * * *

Election of Officers
 * * *

Special Committee Reports
 * * *

Miscellaneous Business
 * * *

Announcements
 * * *

Adjournment of Technical Meeting
 * * *

Special Entertainment to Be Announced by Local Arrangements Committee
 G. Worthen Agee, Chairman.....Memphis
 Barrow-Agee Laboratories

Golf, Etc.

The Industrial Chemical Sales Company has again offered a beautiful golf cup to take the place of the Challenge Trophy removed from circulation by Professor Charles S. Williamson, Jr., of Tulane University. The competition for this beautiful trophy will undoubtedly be very keen this year.

The Chairman of the Local Committee, Mr. Agee, and his partner, Mr. Barrow, who is Chairman of the Golf Committee, are keeping very dark their plans of entertainment, but we understand they have something unusual up their sleeve. Rumor, however, has it that both of these gentlemen are spending most of their spare time at the Memphis Country Club because they have learned that one of the prizes given in the Tournament will be a full set of Bobby Jones' irons. We

A TROPHY WORTH WINNING

also understand that the rumor has reached Little Rock and that the ambidextrous Forbes has his eye on the same set of clubs. An additional rumor from San Antonio is that a certain Scotchman who peddles dirt has been following the pill around continually for the last sixty days preparing himself for the contest. We even understand that our President—"Hutch"—has a bee buzzing in his bonnet about annexing this set of Bobby Jones' irons.

One of our prominent members suggested that it is unfair to give such nice prizes for golf and suggested that we conduct a bridge tournament instead.

Regardless of the outcome, we feel sure that all who attend the Memphis meeting will enjoy the scientific program and will be royally entertained.
