

Entertainment Features and Registration at American Oil Chemists' Society Convention

Elsewhere in this Journal, mention is made of the entertainment provided for those in attendance at the meeting, but we think the entertainment at the Memphis meeting was such that it is entitled to special mention.

Mr. Worthen Agee, General Chairman on Arrangements, and Mr. Ed Barrow, Chairman of the Golf Committee, and their committee members, left no stone unturned to provide pleasure and entertainment for the guests. The Chairman of the Ladies' Committee, Mrs. G. O. Daniels, and her Committee, arranged very delightful entertainment for the

ladies. On Thursday, visiting ladies were entertained at luncheon at the Memphis Country Club and most of them remained during the afternoon while the men were having their golf tournament. Mr. Ed Barrow and Mr. Worthen Agee gave a very wonderful complimentary luncheon to the men participating in the golf tournament at the Country Club. Thursday evening there were a number of small parties on the roof of the Peabody Hotel. On Friday night, the regular Banquet of the Society was held at the Peabody Hotel, at which 171 people were in attendance. The

dinner itself was extremely good and well served. During dinner and for some time thereafter, a good floor show was provided.

The prizes for the golf tournament were awarded after the banquet, as were also the Smalley Foundation Awards. After the banquet, the crowd adjourned to the main ballroom where most of them remained until the wee small hours.

All in all, the entertainment features of this Convention could not have been handled better, and we feel sure that everyone will be glad to go to Memphis again whenever the opportunity offers.
