Framed through the iron gates of Jackson Square, the Cabildo is one of the most famous places in the New Orleans French quarter. Erected in 1795, it has had an important part in Louisiana history and culture ever since. As the seat of Spanish government it was the scene of the transfer of Louisiana from Spain to France and from France to the United States in 1803. Today it is the state museum.

NEW JOURNAL

Research. A Journal of Science and Its Applications. Editors: P. Rosband and D. R. Rexworthy. Butterworths Scientific Publ., Ltd., London. In the U.S.A. by Interscience Publ., Inc., New York, N. Y. Price \$10 per year. First monthly issue contains 96 pages of text and 12 pages of advertisements and miscellaneous.

The editors intend to publish papers in various fields so that technical specialists in individual fields may get a general idea of what is going on in other fields.

ANDREW W. FREEMAN has joined the technical staff of the Southern Regional Research Laboratory, New Orleans, where he will conduct research on the improvement of peanut butter. He has just returned to the United States from Tingo Maria, Peru, where for three years he was in charge of the department of chemistry of the United States and Peruvian Cooperative Agricultural Experiment Station.

Name Committee on Golf Prizes

AS IN previous years, the annual Golf tournament held in connection with the spring meeting of the American Oil Chemists' Society in New Orleans May 4-6, 1948, will be topped off with suitable prizes for the winners. The committee in charge of obtaining such prizes is made up of N. C. Hamner, Southwestern Laboratories, Dallas, Texas; H. S. Mitchell, Swift and Company, Chicago; Henry Odeen, Bennett-Clark Company, Inc., Nacogdoches, Texas; and J. J. Vollertsen, 1414 Norwood street, Chicago. F. C. Magne of the Southern Regional Research Laboratory, New Orleans, is golf chairman.

During the absence in Venezuela of K. S. Markley, program chairman, all details pertaining to the solicitation and handling of technical papers are being taken care of by T. H. Hopper, general convention chairman. Abstracts are due by March 1.

All requests for hotel reservations should be sent direct to the hotel chairman, H. P. Newton of the Southern Regional Research Laboratory, New Orleans, as early as possible.

President R. T. Milner of the Northern Regional Research Laboratory, Peoria, Ill., will preside at the meeting of the Governing Board preceding the formal convention opening. Various technical committees will also meet during the week.

Entry into the field of package steam generators up to and including the 27,000 lb. per hour range is announced by the FOSTER WHEELER CORPORATION, New York City.
