Nominating Committee Announces Candidates for May 6 Election

THE slate of officers for 1948-49 has just been prepared by the Nominating and Election Committee, of which S. O. Sorensen, Archer-Daniels-Midland Company, Minneapolis, is chairman, and the candidates for office in the American Oil Chemists' Society are as follows:

President

C. P. Long, chemist in standards department, Procter and Gamble Company, Cincinnati, O.

First Vice President

E. M. James, general supervisor of research, Lever Brothers Company, Cambridge, Mass.

V. C. Mehlenbacher, assistant chief chemist, Swift and Company, Chicago, Ill.

Second Vice President

G. A. Crapple, director of research, Wilson and Company, Chicago, Ill.

C. E. Morris, production technologist, Armour and Company Refinery, Chicago, Ill.

Third Vice President

H. P. Newton, assistant chief chemist, Southern Regional Research Laboratory, New Orleans, La.

J. R. Mays, Jr., vice president, Barrow-Agee Laboratories inc., Memphis, Tenn.

Fourth Vice President

L. B. Parsons, chief chemist, Lever Brothers Company, Cambridge, Mass.

L. K. Whyte, chief chemist, Colgate-Palmolive-Peet Company, Kansas City, Kans.

Secretary

H. B. Roschen, research chemist, Swift and Company, Chicago, Ill.

Treasurer—J. J. Vollertsen, retired chief of chemical research development department, Armour and Company, Chicago, Ill.

Election will be held on May 6, 1948, following the voting of proxies by the authorized tellers. Ballots

Election, Reports, By-Laws Up For Attention at May Meeting

A DISTINCTIVE feature of the spring meeting of the American Oil Chemists' Society each year is the annual business session of the Society, at which officers are elected, certain committees report, and other necessary transactions are carried on. This

R. T. MILNER

is scheduled for May 6, 1948, on the third day of the three-day meeting, which opens on the 4th in the Roosevelt hotel, New Orleans. President R. T. Milner of the Northern Regional Research Laboratory, Peoria, Ill., will preside. And chief among the items of business this spring will be the casting of proxies for the revised by-laws and constitution of the Society, under the direction of Lamar Kishlar and his committee.

The annual golf tournament in connection with this 39th annual meeting will be held at the New Orleans Country club on Wednesday, May 5, with F. C. Magne of the Southern Regional Research Laboratory as chairman. Those intending to participate are asked to bring their own clubs.

The full program of technical paper titles and committee reports will be published in the April issue of the Journal, and during the absence of K. S. Markley, program chairman, in Venezuela, arrangements are being taken care of by T. H. Hopper, general chairman, at the Southern Regional Research Laboratory.

Requests for hotel reservations should be sent to H. P. Newton, hotel chairman, of the same laboratory. Ladies' entertainment chairman is Mrs. Newton, who will appreciate advance information (along with hotel reservations) as to the number of women interested in her events.

The Governing Board will meet twice, preceding the convention, with Dr. Milner presiding and following the convention with the incoming president presiding. In accordance with Society tradition the latter will be C. P. Long, now first vice president, who is with Procter and Gamble, Cincinnati, O.

GENERAL BIOCHEMICALS, INC., Chagrin Falls, Ohio, are publishing a new small bi-monthly for nutritional investigators and food technologists entitled The General Biochemicals Magazine.

and proxy forms were mailed out to all active members in early March. In addition to Mr. Sorensen members of the committee are H. C. Dormitzer, J. P. Harris, T. H. Hopper, and J. H. Kirby.
