

Suter Goes to Catalytic C.C.

THE CATALYTIC COMBUSTION CORPORATION of Detroit, Mich., announces that Harold R. Suter joined its staff as of February 1, 1955, with offices at 4544 Grand River Blvd. As vice president in charge of research and development, he will be responsible for new and special product applications and will be available for customer consultation in the new fields of air pollution control served by C.C.C.

H. R. Suter

The Suter-Ruff patented catalysts developed jointly some years ago by Mr. Suter and R. J. Ruff, C.C.C. president, is the heart of the company systems, and installations may be found in chemical manufacturing and other industries. Mr. Suter was previously with the Wyandotte Chemicals Corporation in Michigan and before this connection was assistant professor of chemistry, Detroit Institute of Technology.

Program Committee Named for August Short Course

AS PLANS are laid for the 1955 short course at the University of Illinois August 1-5, G. A. Crapple, chairman of the Education Committee of the American Oil Chemists' Society, announces the program committee as follows: S. E. Tierney, chairman, Swift and Company; C. W. Hoerr, Armour and Company; W. C. Loy, Wilson and Company; Le Roy Dugan Jr., American Meat Institute Foundation; and A. A. Rodeghier, Durkee Famous Foods—all of Chicago. V. C. Mehlenbacher, Swift and Company, will serve as program consultant.

Locally the committee on arrangements in Urbana will comprise these University of Illinois men: R. T. Milner, chairman, and F. A. Kummerow, food technology department; R. K. Newton, Extension Division; and T. S. Hamilton, animal husbandry.

Social features will include a fish fry at the Robert Allerton park on the afternoon and evening of August 3, and a banquet at the Urbana-Lincoln hotel on Thursday, the 4th.

Tentative subject of the course will be Analytical Techniques as Applied to Control and Research in the Oil and Fat Industry. The registration fee has been tentatively set at \$50, and the University of Illinois will provide room and board at approximately \$35. Inquiries about the course should be sent to the national office of the Society at 35 E. Wacker drive, Chicago 1, Ill.

Meetings

The 24th annual meeting of the Inter-Society Color Council will be held in the Skytop room at the Statler hotel, New York, N. Y., on April 6, 1955. The morning will be devoted to reports of the subcommittees of the Problems' Committee and the annual business meeting. Afternoon and evening sessions have been planned by an Illuminating Engineering Society committee to include five lectures.

The 11th annual conference and exhibition of the National Association of Corrosion Engineers will be held March 7-11, 1955, at the Palmer House, Chicago, Ill.

B-C is BEST!

Year In and Year Out Day In and Day Out

Most edible oil refiners have found this statement true over the years

IF you want

- economical bleaching
- less FFA rise
- greater stability
- less filter cloth replacement
- better clay uniformity

In other words
Better-Cheaper Bleaching

USE B-C
