• New Literature

CHROMATOGRAPHY. Catalog C-60, "The Chromatography Book," illustrates more than 500 items for chromatography, spectrophotometry and pH available from Schaar and Company, 7300 West Montrose avenue, Chicago 34, Ill.

CORN OIL. Second edition of a 20-page booklet illustrated with photographs and charts. It describes the manufacture and uses of corn oil and methods of packaging, storing, and handling. Statistics for 1930 to 1959 and a glossary of technical terms are included. Available free from Corn Industries Research Foundation Inc., 1001 Connecticut avenue N.W., Washington 6, D.C.

COMPUTER CONTROL. Bulletin S-4019, "A Return to Sanity in Computer Control," provides answers to some common problems and gives details on a step-by-step method of developing a highly reliable computer control system. Technical Information Department, Beckman Scientific and Process Instruments Division, Fullerton, Calif.

LABORATORY GLASSWARE. A 9-page price list of Vycor Laboratory Glassware, which is fabricated from a special 96% silica glass. Burrell Corporation, 2223 Fifth avenue, Pittsburgh 19, Pa.

detergent chemist

Minimum 3 years' experience in formulating household and industrial detergents.

DUTIES INCLUDE: Technical service and development . . . evaluation and formulation of surface active materials of all chemical types.

Send resume to Mr. Dingman, c/o

NOPCO Chemical Co.

60 Park Place, Newark, New Jersey

POSITION WANTED

Oil Chemist: Ph.D. Excellent scholastic records in organic and food chemistry. Seven years' postdoctorate experience in chemistry and technology of edible oils, emulsifiers, and food flavors in industrial and academic research and teaching. Many publications. Excellent record of accomplishments. Desires position in teaching or research. Write to Box 334, American Oil Chemists' Society, 35 E. Wacker drive, Chicago 1, Ill.

J. C. P. Helm (1924), chemist and owner, Helm Laboratories, New Orleans, La., died May 9, 1960. He served as secretary-treasurer of the American Oil Chemists' Society from 1925 to 1945 and was honored for his "unselfish and efficient service" by honorary membership (the first active member ever to be so honored) and by a testimonial dinner at the Memphis Country Club on May 10, 1945. E. R. Barrow was chairman of arrangements, and K. S. Markley presided. In recent years Mr. Helm had served as one of the two New Orleans representatives of the Society.

FISHER LABORATORY SPECIALTIES. An illustrated 48-page catalog of Fisher instruments, appliances, and other laboratory equipment and also apparatus for which Fisher is exclusive distributor. Fisher Scientific Company, 306 Fisher bldg., Pittsburgh 19, Pa.

TECHNICAL MANUAL ON OXYGEN BOMB CALORIMETRY. Manual No. 130 gives detailed instructions for measuring heats of combustion of solid and liquid combustible materials and for safety and maintenance of oxygen combustion bombs, has a section on oxygen bomb methods for chemical analysis, and adds a 65-item bibliography of oxygen bomb methods. Parr Instrument Company Inc., 211 53rd street, Moline, Ill.

BULLETIN No. 600. Variable-capacity rotary pumps described in eight pages. Blackmer Pump Company, Grand Rapids, Mich.

BULLETIN No. 2567 ON LURGI-WESTFALIA COUNTERCURRENT LIQUID-LIQUID EXTRACTORS. Complete descriptions in eight pages, four colors. Centrico Inc., 75 W. Forest avenue, Englewood, N. J.

SPECTRONIC 505. Leaflet on Bausch and Lomb's recording spectrophotometer. Burrell Corporation, 2223 Fifth avenue, Pittsburgh 19, Pa.

INDUSTRIAL GAS CHROMATOGRAPH. Bulletin GC-4018 on Beckman 120-A and 220-A for steam analysis. Beckman Process Instruments Division, 2500 Fullerton road, Fullerton, Calif.

LAMBDA-PETTES. Section 5 of a general catalog illustrates and describes in 10 pages the micropipettes and related apparatus for microtransfer of fluids made by Research Specialties Company, 200 S. Garrard blvd., Richmond, Calif.

CARBON DIOXIDE. A 24-page booklet, designated ADPC 41, on carbon dioxide and its value to industry, covering the history, principal applications, properties, manufacture, supply, and distribution of carbon dioxide in gaseous, liquid, and solid form, and the Pureco supply systems available to the industry. Pure Carbonic Company, Air Reduction Company Inc., 150 E. 42nd street, New York 17, N.Y.

POLYETHYLENE GLYCOLS. A 40-page booklet describing Carbowax polyethylene glycols for use in pharmaceuticals and cosmetics contains extensive technical information and suggests applications for nine grades of Carbowax glycols. Union Carbide Chemicals Company, 30 E. 42nd street, New York 17, N.Y.

Referee Application

First Notice. James C. Lloyd of the Law Engineering Testing Company, Birmingham, Ala., has applied for a referee certificate on cottonseed and on oil cake and meal. The chairman of the Examination Board should be contacted by interested parties wishing to comment on this certification. Please write to Mr. N. W. Ziels, chairman of the Examination Board, at Lever Brothers Company, 1200 Calumet avenue, Hammond, Ind.
