Forms Branch

The Research Society at the Pure Oil Company's Re-
search Center, Crystal Lake, Ill., is the new branch of the
Scientific Research Society of America. G.D. Brunton,
president, says the purpose of the group is to provide
opportunities for industrial and governmental scientists
to meet fellow scientists with diverse backgrounds and
interests and to stimulate an exchange of knowledge be-
tween men of different fields.

Vitamin A man

Walter Dutton is foreman of our shipping department. It's not the kind of job a man can go through with his eyes closed. Almost seems that no two customers for our *Myvax® Vitamin A Palmitate* or *Acetate* want their shipments the same way. And why should they? Each customer has his own geographical problems, his own production and stock-keeping practices and policies, even his own emergencies. It's up to us to meet his convenience. We do. Anything we can do for you on vitamin A?

Distillation Products Industries, Rochester 3, N. Y. Sales offices: New York and Chicago • W. M. Gillies, Inc., West Coast • Charles Albert Smith Limited, Montreal and Toronto.

leaders in research and
production of vitamin A
