

New Orleans Plans Nearing Completion

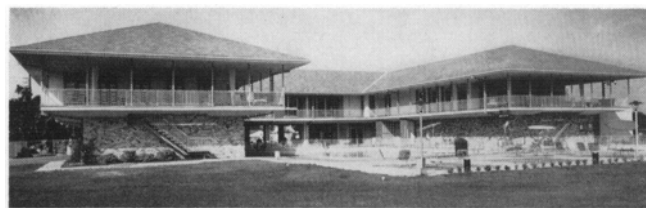

Advance plans and arrangements for the 55th Annual Meeting of the Society in New Orleans, April 19-22, 1964, are rapidly being shaped up by General Chairman R. T. O'Connor and his committeemen. As it has for so many of our Society's earlier meetings, New Orleans' famous Roosevelt Hotel will serve as the headquarters for the technical sessions and center of many of the social and entertainment features of this Spring Meeting.

Entertainment Program Promises to be Outstanding

The Technical Program promises to be one of outstanding excellence according to present indications. Technical Program Chairman H. P. Dupuy reports that substantial progress has been made in the organization of four symposia: "Analyses of Unusual and Minor Constituents of Fats and Oils," "Biodegradable Detergents," "Tall Oil," and "Thermal Oxidation and Polymerization in Fats." A fifth symposium on "Diet in Relation to Obesity" is in the tentative planning stage. In addition, a number of authors have already expressed their willingness to present technical papers in various fields of fats and oils research, such as Chemical Reactions, Analytical and Physical Properties, General Instrumental Analysis, Soaps and Detergents, Processing and Utilization, Biochemistry and Nutrition, Coatings and Polymers, or General Properties of Fats and Oils.

Authors planning to present papers at the meeting are reminded that the following Society policies and regulations apply:

- 1) Publication rights to papers are reserved by the

One of the highlights of the AOCs Ladies' Entertainment Program in New Orleans will be a luncheon at the new and beautiful Vista Shores Country Club, pictured here in bright sunshine. It will climax a bus tour of The Crescent City. The complete ladies' program will appear in the February issue of the Journal.

AOCs. Papers accepted may not be published elsewhere unless released by the editor of the Journal in writing.

- 2) Accepted papers, though suitable for oral presentation, may not be suitable for publication. Before publication, all papers will be reviewed in the usual manner by the editorial staff of the Journal.
- 3) Papers must be free of advertising bias or sales promotional aspects.

Entertainment Capitalizes on Famed Crescent City

An outstanding program of entertainment for both members and their ladies is being developed to take advantage of both the historic and the most modern aspects of the famed Crescent City. Mrs. H. L. E. Vix and her Ladies' Entertainment Committee are planning to show the historic city one day, featuring a guided tour of the old French Quarter and luncheon at one of the famous restaurants in that area. Another day will be devoted to modern New Orleans with a tour of the lakefront area along Lake Pontchartrain, showing its fine houses, lovely parks, and the beautiful Mardi Gras fountain with its colorful plaques showing the arms or devices of the many Krewes that make New Orleans' Mardi Gras celebrations known the country over. A feature of this tour will be a luncheon at the new and outstanding Vista Shores Club, on the banks of the Bayou St. John.

A mixer on Sunday night, April 19, and the traditional banquet and dinner dance on Tuesday evening, April 21, are being arranged by Entertainment Chairman L. E. Brown in consultation with J. J. Ganucheau, who has so many times before his recent retirement served as Entertainment Chairman for the New Orleans meetings.

Other features of the meeting will be the Golf Tournament, played on one of the city's outstanding courses on Tuesday Afternoon, April 21, and the Awards Luncheon, Wednesday, April 22.

The Past Presidents' dinner is traditionally held on Monday night during the Spring Meeting. The wishes of this distinguished group are being obtained, and arrangements will be made in accordance with the preference expressed. No other formal activities will be scheduled for this evening to allow an opportunity for individual visits to the French Quarter and other interesting areas of the city.

Send Hotel Reservations Direct

Requests for hotel reservations for the meeting should be made directly with the Roosevelt Hotel, New Orleans, La. Please indicate the date of arrival and departure and type of accommodations (single, double, twin bedroom, etc.) desired in making reservations, and that it is for attendance at the AOCs Meeting. Early reservation to secure your choice of accommodations is recommended by Hotel Reservations Chairman W. S. Singleton.

As most of our members read this, the cold hand of winter will be on the land. What better time to think of the pleasures of soft, warm April in the South and to plan for *New Orleans—next Spring!*
