North Central Section

On Jan. 22, the North Central Section met at the Builders' Club, Chicago, to hear E. E. Rice, who has currently been working on the National Diet Heart Study in conjunction with a number of other highly eminent men in this field.

Dr. Rice's discussion covered many phases of their program, including specialty diets and foods. It was pointed out, however, that this was just a pilot program, and conclusive data could not be attained with the relatively small number of people that were being examined. The basic purpose for this study was to test the possibility of a large-scale program.

May 6 will be Ladies' Night, with the meeting scheduled for the Furniture Club. Because this will be the last meeting of the year, the program chairman has planned an interesting evening for all who will attend. Make your reservations early.

E. E. Rice

ZONE OIL SAMPLER

A.O.C.S. APPROVED

FOR OILS and LIQUID FATS

Now Produced

in

BRASS and CHROME-PLATED BRASS

and

STAINLESS STEEL
