Florida Girl Wins National Fellowship

Miss Barbara Greene, doctoral candidate at Florida State University, Tallahassee, is the 1965 winner of the Mary Louise Lynam graduate fellowship of the American National CowBelles, service and social organization of women of the beef business.

Barbara Greene

The announcement was made by Mrs. William Gouldin, Klamath Falls, Ore., chairman of the committee to select a winner in the annual program to encourage advanced study in foods and nutrition.

Miss Greene, a native of Joliet, Ill., is conducting research into radiation preservation of beef. She received a master of science degree at Florida State University in 1962 and a bachelor's degree from Florida Southern Col-

lege, Lakeland, in 1957. She also studied at Ohio State University, Columbus.

The award, a \$500 stipend, will be presented to Miss Greene by Mrs. Gouldin and Mrs. J. B. Wines, Elko, Nev., national CowBelle president, during the annual convention of the Florida Cattlemen's Association at St. Augustine Oct 14-15. The award is made annually in honor of Mrs. O. W. Lynam, Burdett, Kans., first president of the organization which now has affiliated associations in 27 states.

Miss Greene is a member of Institute of Food Technologist and AOCS.

• Names in the News

J. L. SMART, of Sarnia, Ontario, has been appointed manager of Inorganic Chemicals for the Dow Chemical Company, the company announced today. Smart is assuming the new duties in addition to his regular post as a director and vice president for Operations and Development of Dow Chemical of Canada, Ltd.

R. F. BECHTOLD, previous manager of Inorganic Chemicals, has left for Zurich, Switzerland, where he is assuming responsibility for Chemicals Business Development in Europe.

Murro Chemical Company, Inc., of Portsmouth, Virginia, announces the appointment of ARMAND CORSI as Technical Director. Murro, Specialists in Soaps, is expanding its fatty acid facilities, and expects its new stearic acid and oleic acid plant to be on stream later this year. Corsi, formerly employed at Harchem Division of Wallace and Tiernan, Inc., brings 21 years of experience in the fatty acid and allied fields to Murro.

G. H. WELLS, JR., has been appointed product development scientist in the grocery research and development of The Pillsbury Company. He recently completed his doctorate in food science at Michigan State University, his graduate work having centered on freeze-dried poultry and extended to the dehydration of all meat. His Ph.D. work will soon be published in Poultry Science and will be presented at the 1966 World Poultry Congress in Russia.

American Mineral Spirits Company has restructured AMSCO'S Domestic Marketing Group under the direction of K. F. Giloth. A. B. Herer will direct the Midwestern Region; W. A. Oudshoorn, Southern Region; and R. L. Moore (1953, 1962) Southern Region. Also, on Mr. Giloth's staff will be R. V. Hinman, Thomas Barker (1951) and H. D. Stewart.
