HumKo Products has announced simultaneous promotions for three JAOCs members. A. J. Rini (1939), Vice President, now assumes the duties of Technical Director. He will be assisted by W. F. Schroeder (1950), Vice President, who will serve as Director of Food Technology,

S. J. Rini

W. F. Schroeder

C. W. Glankler

Gary Geissler

and C. W. Glankler (1954), who will serve as Director of Chemical Technology.

HumKo Products is a division of the National Dairy Products Corporation.

Gary Geissler has been promoted to assistant general manager of the organic chemicals department of Chemetron Chemicals. He now directs the organic chemical department's marketing activities and commercial development.

C. A. Snell (1951) has been appointed new Director of the Analytical Department of Foster D. Snell, Inc.

Prior to joining the Snell staff in 1945, Dr. Snell was an instructor in Chemistry, and a Research Chemical Engineer for the Aluminum Company of America.

V. D. Anderson Company announces six new management changes: G. O. Briggs is now Director of Sales; R. J. Terstage, Field and Export Sales Manager; D. W. Crane, Manager, Domestic Sales; M. J. Toth, Director of Engineering; Alexander Moses, Chief Engineer; and Sheldon Baer, Technical Director.

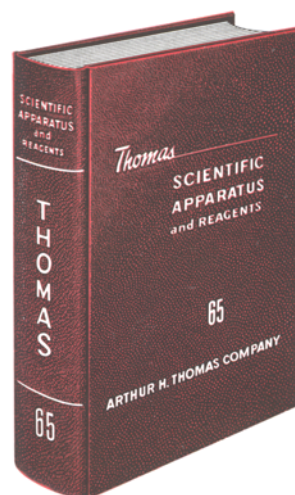

Val Reisig is now advertising manager of the Chemicals Division of Eastman Chemical Products, Inc., a subsidiary of Eastman Kodak Company. In his new position, Mr. Reisig will plan and direct all promotional activities relating to the Division's extensive line of products.

D. D. Farinella and R. E. Larson have been named plant managers of Witeco Chemical Company's Ultra Division. Mr. Farinella will manage the division's Chicago, Ill., detergent plant and Mr. Larson will manage the Paterson, N. J., detergent plant.
