* Additions to previous calendar

Expand ECPI Marketing

The marketing function of Distillation Products Industries division of Eastman Kodak Company will become part of Eastman Chemical Products, Inc., which is the marketing organization for the company's Eastman Chemicals Division.

John C. Hecker, president of DPI, said that both DPI and ECPI sell products in similar marketing areas, such as food processing, agricultural, pharmaceutical and chemical markets, and the move is expected to provide improved service to customers and increased marketing opportunities for products of both divisions.

DPI's main Rochester sales office will be moved to Kingsport, Tenn., during the next several months, Dr. Hecker said. Manufacturing operations and related functions are remaining in Rochester at their Ridge Road West and Mt. Read Boulevard locations.

PLAN NOW! - - 60th Fall Meeting

OUR 50th YEAR

Topically Speaking—

Why Not ROBANIZE Your Product?

ROBANE®

$C_{30}H_{62}$

Purified Hexamethyltetracosane, Squalane

Liquid vehicle NATURAL to skin and sebum

A truly NATURAL adjunct to the
Cosmeto-Dermatological field.

And Emulsify it with—
