Northern California

Fifty-two members, guests and wives gathered at the beautiful Engineer's Club on Friday, May 3, in San Francisco, California, for the final Section Meeting of the year. After a pleasant social hour, Chairman Sherman Lee welcomed the group to a gourmet dinner. The speaker, members and guests were introduced and T. H. Applewhite and Lee Avera gave brief accounts of the AOCS National Convention held in Washington. Frank Sullivan, Treasurer of the Section, gave his report, indicating a satisfactory financial balance and the need for the Section to complete paying its local dues. T. H. Applewhite introduced the Chairman who will serve for the National Convention to be held in San Francisco during April of 1969 and all members stood and introduced themselves and their wives.

H. S. Olcott, Professor, Marine Food Science, Department of Nutritional Science, University of California at Berkeley, was then presented as our speaker of the evening. Dr. Olcott, a long-standing member of our Society and Section, gave a fascinating presentation which interested both the members and the many wives and guests present. His talk included the preparation and analysis of fish lipids and a discussion of their relationship to protein shortages of the world. Included were charts and data associated with vegetable and animal lipids and of general interest to the listeners. Interspersed to break the scientific tone to the presentation were interesting photographs of his visit to India.

In attendance as guests were Mmes. Bernice Olcott, Virginia Cavanagh, Barbara Cunningham, Greta Rathjen, Harriet Applewhite, Arthur King, Dorothy McKenna, Jean Avera, Jean Frech and Miss Peggy Cavanagh. Present were future active members Subadi Hardjo, Bogor, Indonesia; Juan Pascual, San Francisco; Frank Gilstrap, Fresno, California; Larry Riley, Davis, California; Richard Atwood, Richmond, California, and Jeffery Hamilton, Berkeley, California.

Two more meetings for the year are announced with the tentative dates September 20 or 27, and November 8 or 15.

C. Y. Hopkins Honored On Retirement from NRC

C. Y. Hopkins (1955) will be honored on June 22, 1968, on the occasion of his retirement from the National Research Council, Ottawa, Ontario, Canada.

Dr. Hopkins joined the National Research Council in 1930, and currently serves as Head of the Fats and Oils Section, Division of Pure Chemistry. He is well known to the AOCS for his fundamental research on the structural analysis of lipids, fatty acids in particular. He has published numerous papers on the composition of seed lipids.

He received an MS degree from Queen's University in 1926 and a PhD from New York University in 1929. From 1929-1930 he was an instructor at the University of Toronto, and then joined the National Research Council staff.
