JERRY DiGENOVA has been appointed to the newly-created position of Director of Flavor Development Laboratories of Givaudan Corporation. The announcement was made by Salvador Sanz de Acedo, president of the company. Mr. DiGenova received a BS degree in Chemistry from the University of Rome and joined Givaudan's Flavor Laboratories in 1952. He was appointed Administrator of the Flavor Laboratories in 1961.

R. L. SHAFER has been named Director of Government Relations in Washington, D.C. for Chas. Pfizer & Co., Inc. and Pfizer International. He succeeds L. C. Merthan, who has joined Hill and Knowlton, Inc. Mr. Shafer has been with Pfizer since July, 1966 when he joined the diversified pharmaceutical and chemical organization's Washington office as assistant to the Director of Government Relations.

H. Reeve Angel & Co., Inc. of Clifton, New Jersey, today announced the appointment of E. J. ZIOR as its Assistant Product Manager. In this new capacity, Mr. Zior will be responsible for directing various product line activities within the Marketing Services Department of the Sales Division, covering all Whatman filtration, chromatography, and electrophoresis products and Reeve Angel filter papers.

Construction of a new \$3.2 million Crystal-Solid State Department building was announced today by THE HARSHAW CHEMICAL COMPANY, Division of Kewanee Oil Company. R. A. Lucht, President of Harshaw, stated, "The 90,000 square foot facility is being built specifically to meet the increasing needs of the Company's Crystal-Solid State Department."

The new installation is expected to employ approximately 200 people, primarily scientists and other technical personnel.

EMORY T. PAYNE ('44) has been promoted Plant Manager of Drew Foods, St. Louis, Mo., a wholly owned subsidiary of the Drew Chemical Corporation. Prior to his promotion, Mr. Payne served initially as Technical Director and later as Production Manager. Before joining Drew Foods in 1962, Mr. Payne headed the Product Development Department of the Foods Division of Anderson Clayton & Company and also worked as Fats & Oils Research and Development Manager for the Rath Packing Company. A graduate of Texas Technical College, he served as an Air Force Lieutenant in World War II. He holds a patent on a process and formulation for making a liquid shortening.

E. T. Payne

Earle Fritz

EARLE FRITZ ('61) has been named director of Engineering and Facilities Planning for the Swift Chemical Company, division of Swift & Company. He started his career with Swift as a chemist at Hammond, Indiana, in 1948. Most recently he has been head of the chemical engineering division at Swift's Research and Development Center.

K. S. FRENCH ('46-51; '57-) has been named Assistant Sales Manager of Eastman Chemical Products, Inc., at Kingsport, Tennessee. French formerly was general sales manager of Distillation Products Industries, an Eastman Kodak Company subsidiary in Rochester, N.Y. DPI's marketing functions have been shifted to Eastman Chemical Products, Inc., and French was assigned a position in the new ECPI division handling DPI sales. He joined Kodak as a research chemist and later served in the purchasing and sales departments of DPI.

C. H. HARRY NEUFELD ('59) has been named by Secretary of Agriculture O. L. Freeman to direct the activities of the Southeastern Utilization Research Division, a new research unit with headquarters in Athens, Ga.

The new Division is one of five utilization research divisions in USDA's Agricultural Research Service. When fully staffed, the Division will employ about 460 scientists and technicians, and work there will emphasize commodities and problems important to the Southeast.

Dr. Neufeld first joined USDA as a chemist at the Eastern utilization research division, Philadelphia, in 1953. A year later he joined the Western utilization research division, Albany, Calif., where he did research on wheat proteins. He has been Assistant Director of the Western laboratory since 1959. For two years before coming to USDA he taught chemistry at the American University, Washington, D.C.

AOCS Awards Fall, 1968

1. S. S. Chang (right), Chairman of the Honored Student Program Committee, poses with students who received expense paid trips to the 42nd Fall Meeting in recognition of their outstanding career preparation. They are (left to right): Steven L. Rodis is not shown.
2. Arthur Rose, President of Applied Science Laboratories, presents \$2,500 honorarium to Daniel Swern, 1968 winner of the AOCS Award in Lipid Chemistry, which is sponsored by Dr. Rose's company.
3. Mrs. Swern and Rose pose with AOCS President J. C. Cowan. They hold the plaque honoring Dr. Swern with the 1968 Award in Lipid Chemistry.
4. Honored Students enjoy Fall Meeting Business Session. See Photo No. 1 for names.
